Delays from Brazil

We wanted to alert you to the problems we are seeing for bookings out of Vitoria (Brazil). Many feeder vessels have been grounded due to Covid outbreak and mother vessels are being delayed or altogether diverted. This is causing major delays for bookings out of Brazil. Currently we are seeing delays 45-60 days to secure space.

We will keep checking the conditions and keep you posted.

Voyage 211 and 212 were already cancelled from the original schedule
- Voyage 213 ETD 4/1 was supposed to be next available voyage, but cancelled.

- Voyage 214 ETD 4/7 Cancelled

- Voyage 215 ETD 4/14 we will load all bookings originally expected to leave on voy 214

- Voyage 216 ETD 4/21 we will load all bookings originally expected to leave on voy 215

- Voyage 217 ETD 4/30 this should be the first vessel available but fully booked

Please be patient while we work through this situation that is becoming very challenging.
